

Hanumayamma Innovations and Technologies Named Honorable Mention in Fast Company's 2026 World Changing Ideas Awards

Annual Awards Honor Breakthrough Innovations Driving Meaningful Global Impact

Fremont, California [June 16, 2026] — **Hanumayamma Innovations and Technologies Inc.**, is proud to announce that it has been named an honoree of Fast Company's 2026 [World Changing Ideas Awards](#). This annual recognition honors bold and transformative efforts that tackle the world's most pressing issues - from fresh sustainability initiatives and cutting-edge AI developments to ambitious pursuits of social equity that are helping mold the world.

Now in its ninth year, the World Changing Ideas Awards celebrate organizations and projects that are delivering measurable impact across industries - from climate solutions and AI advancements to health, social justice, and beyond.

Hanumayamma Cow Necklace and Sriya AgriVet Monitor: **Cow Necklace®** is an AI-powered wearable livestock sensor platform that continuously monitors cattle health, behavior, rumination, activity, temperature, and productivity indicators. By combining Hanumayamma sensors, edge computing, and advanced analytics, it enables early disease detection, improves animal welfare, and helps farmers optimize milk production, breeding, and farm operations. **Sriya AgriVet Monitor™** is an intelligent agricultural and livestock gateway that integrates environmental, methane, carbon dioxide, and farm sensor data into a unified monitoring platform. Powered by AI and multilingual capabilities, it provides real-time insights, sustainability metrics, and decision support for farmers, veterinarians, agricultural enterprises, and government agencies to improve food security, climate resilience, and operational efficiency.

This year's awards, featured on [fastcompany.com](#), highlight 191 outstanding projects across 14 categories. A panel of *Fast Company* editors and reporters evaluated more than 1,500 entries based on their impact, sustainability, design, creativity, scalability, and ability to improve society.

"The Fast Company World Changing Ideas recognition affirms our mission to use AI, IoT, and data science to improve animal welfare, farmer livelihoods, food security, and sustainable agriculture. Through the Cow Necklace and Sriya AgriVet platform, we continue to demonstrate how technology can create measurable impact for communities around the world"

Shruti Vuppalapati, COO, Hanumayamma Innovations & Technologies Inc.

Fast Company's Summer 2026 issue (on newsstands June 23) will feature select award winners working on solutions that include geothermal energy, privacy-first cell plans, municipal grocery stores, and more.

"The World Changing Ideas Awards are more than inspiration—they're a measure of real-world impact," says *Fast Company* editor-in-chief Brendan Vaughan. "This year's honorees are turning bold ideas into tangible solutions and addressing urgent global challenges with creativity and rigor."

ABOUT HANUMAYAMMA INNOVATIONS AND TECHNOLOGIES Inc.

Hanumayamma Innovations & Technologies, Inc. (HanulInnoTech) is a women-owned technology company headquartered in California, USA, dedicated to advancing agriculture, animal husbandry, sustainability, and food security through Artificial Intelligence (AI), Internet of Things (IoT), and advanced analytics. Founded in 2010, the company develops innovative solutions including its flagship Cow Necklace® livestock monitoring platform, Sriya AgriVet™ intelligent farm gateway, and AI-powered analytics for dairy farming, specialty crops, climate resilience, and ESG initiatives. HanulInnoTech's technologies help farmers, enterprises, financial institutions, and governments improve animal welfare, productivity, sustainability, and data-driven decision-making. The company operates globally with customers and partners across North America, Asia, the Middle East, and emerging markets. Learn more at <https://www.hanuinnotech.com/>
